

## **BCPSR BECOMES A LOCAL CHAPTER FOR NPTEL COURSES IN DURGAPUR**

BCPSR is an active participant of the Digital India Programme and we constantly encourage our students to make the most out of the Massive Open Online Courses or MOOCs using the SWAYAM portal. In this regard, BCPSR successfully established itself as an NPTEL Local Chapter in Durgapur area. We have a strength of about 200 students and faculties learning new subjects and obtaining certification from renowned National institutes like IITs, NITs, IISERs, etc. while we expect more participation in the upcoming days. The courses being endorsed are in subjects such as Biochemistry, Brain and Behavior, Medical Biomaterials, Medicinal Chemistry, Inorganic Chemistry as well as a number of other interdisciplinary subjects.
